Income: 12 lakhs p.a.

Career Background : Sanjay is one of the scorers appointed by the Cricket Association for the Blind in India(CABI).

Pain Points :

- The scores should be as up-to-date as possible.
- Constant checking of the accuracy of records with other scorers and with the umpires.

Goals :

- To record each batsman's runs, their scores and mode of dismissal, the bowlers' analyses, the team score and the score at the fall of each wicket.
- To gather other statistics such as the number of balls faced by each batsman,

details of occurrences between deliveries, or incidental details like the weather.

I would use this product because :

- It would be an effective method to record all runs scored, all wickets taken, the number of overs bowled and other statistics.
- It helps in maintaining data quality by minimizing errors.
- It also helps in organizing the data effectively.
